COD-PS link:	yes	yes	yes

METHODOLOGY

Acquired by UNCHR from www.gadm.org with verification and additional inputs from other sources.

CAVEATS

The administrative level 0 (country) and 1 (state or federal territory) KMZ files were created from generalized (tolerance 0.001 degree) versions due to the number of vertices. The administrative level 0 and 1 shapefiles are the originals.

The gazetteer and COD-PS extend beyond the boundary data to administrative levels 3 and 4.
